3 - What specific advice would you have for Santiago Hermo about changes that might enhance your learning? Do you have any advice specific to this teaching assistant regarding teaching in the remote learning context?

Response Rate	11/109 (10.09%)

- Was very clear.
- Maybe conduct hours at a time that's suitable to people all over the globe: like morning in EST.
- The changes made when transitioning to remote learning were helpful.
- Nothing!
- There isn't much that changed as we transitioned to remote learning, he was still available just as often and answered questions just as well.
- This is not necessarily for Santiago, but I wish the review sessions were more directly tailored to the exams. This applied for the in-person exam, but I found the review sessions not very helpful for the at-home exam.s
- n/a
- None
- no changes needed
- Very responsive and effective.
- Would be helpful if assignments are graded more timely.
